WALKING WILD

LEWA WILDLIFE CONSERVANCY / IL NGWESI GROUP RANCH / LEKURRUKI CONSERVANCY

This is a walking safari experience through some of Kenya's best wildlife viewing areas i.e. the Lewa Wildlife Conservancy, Il Ngwesi Group Ranch and Lekurruki Conservancy.

Lekurruki Conservation Trust was established by members of the Lekurruki Group Ranch to act as a catalyst for conservation and socio-economic opportunities.

Il Ngwesi Group Ranch aims at integrating community development and sustainable use of the environment.

The Lewa Wildlife Conservancy works as a catalyst for the conservation of wildlife and its habitat.

These areas provide some of the most stunning landscapes in Africa and are home to a wide variety of game including the "Big Five", over 420 species of birds, Reticulated Giraffe, Cheetah, numerous different antelopes, and endangered species such as the Grevy's Zebra and Sitatunga.

Professional guides lead the FIVE day walking safari starting at the Lewa Wildlife Conservancy, recognized as one of Africa's top safari destinations.

The walking route runs across Lewa Conservancy through Il Ngwesi Conservancy and ends at Lekurruki Conservancy with all 5 nights spent camping out under the stars

You will traverse a variety of ecosystems, enabling you to experience the diversity of flora and fauna that the areas have to offer.

The focus of the safari is learning about the ecosystems as well as the local Masai culture. You will be taught tracking techniques and other vital bush skills, as well as how to identify and understand the behaviour of the insects, plants, and animals you come across. Local Masai morans (warriors) will join you to give insight of the traditional Masai customs.

This safari is conducted in collaboration with our partners who run the show during the walk.
